The bartender was crushed to death.

BEING AUSTRALIAN

donated by a great client

I am the political parties' worst nightmare.
I am white, conservative, tax-paying, God fearing Australian.
I am a hard working Australian and I work long hours to earn a living.
I believe in God and the freedom of religion, but I don't push it on others ...
I believe the money I make belongs to me and not some bloody governmental functionary. Labor/Greens or Liberal, that wants to share it with others who don't work.
I'm in touch with my feelings and I like it that way!
I think owning a home doesn't make you a capitalist; it makes you a smart Australian.
I think being a minority does not make you noble or victimized, and does not entitle you to anything. Get over it!
I believe that if you are selling me a Big Mac or any other item, you should do it in English.
I believe everyone has a right to pray to his or her God when and where they want to.
My heroes are fellow Australians, Sir John Monash, Don Bradman, Slim Dusty, Bart Cummings, Fred Hollows, Nancy Wake, Clem Jones, Wally Lewis and Darren Lockyer.

WATTS NEWS

I don't hate the rich, but hate the way they always find ways to pay less taxes.
I don't pity the poor, I hate the way they are always crying that they are hard done by!!
I haven't burned any witches or been persecuted by the Turks, and neither have you!
I believe if you don't like the way things are here, go back to where you came from and change your own country!
This is AUSTRALIA ... We like it the way it is and more so the way it **WAS** ... so stop trying to change it to look like Britain, USA, Russia or China ... or some socialist country!
If you were born or legally migrated here and don't like it ... you are free to move to any socialist country that will have you (and take Julia Gillard, and the other blockheads with you). I believe it is time to really clean house, starting with the Lodge, the seat of our biggest problems.
I want to know exactly where the 'do-gooders' get their money from and why are they always part of the problem and not the solution? Can I get an AMEN on that one?
I also think the cops have the right to pull you over if you're breaking the law, regardless of what race, colour or creed you are, but not just because you happen to be an illegal alien and scream that they are 'racist pigs'.
And no, I don't mind having my face shown on my driver's licence. I think it's good.
I hope you are not too stupid to claim to know how our electoral ballot system works. The politicians don't, so what hope have we?
I believe that it doesn't take all the intellectuals to raise children, it takes two parents.
I believe 'illegal' is illegal no matter what the lawyers think!
I believe the Australian flag should be the only one allowed to be flown in Australia! If this makes me a BAD Australian, then yes, I'm a BAD Australian.
We want our country back!
Our country ...
We hope this offends all illegal aliens.
Our great, great, great grandfathers watched as his friends died in the Boer War.
Our grandfathers watched and bled as his friends died in World War I and 2.
Our grandfathers watched as his friends and brothers died in the Depression of 1932.
Our fathers watched as his friends died in Korea.
We watched as our generation died in Vietnam.
Our sons and daughters watched and bled as their friends died in Afghanistan and Iraq.
None of them died for the Afghanistan and Iraq flag. Every Australian died for the Australian flag.
Our young men are getting killed in Afghanistan while their young men run away and get on a boat for Australia, taking the place of genuine refugees!
At a Victorian high school, foreign students raised a Middle East flag on a school flag pole. Australian students took it down. Guess who was expelled? The students who took it down.
Enough is enough!!
This message needs to be viewed by every Australian; and every Australian needs to stand up for Australia.
We've bent over to appease the Aussie-haters long enough. We need to take a stand.
We should all stand up because of the hundreds of thousands who died fighting in wars for this country and for the Australian flag.
If you agree, stand up.
And shame on anyone who tries to make this a racist message.
AUSTRALIANS, stop giving away YOUR RIGHTS!
Let us make this clear ... **THIS IS OUR COUNTRY!**
This statement does not mean we are against immigration. You are welcome here in our country, welcome to come LEGALLY.
1. Get a sponsor!
2. Learn the language as immigrants have in the past!
3. Live by our rules and dress as we Australians do!
4. Get a job!
5. Pay your taxes!
6. No Social Security until you have earned it and paid for it!
7. Now find a place to lay your head!

MYLO BROWNCOAT'S **The Good, The Bad and** **The Unforgivable**

THE GOOD

1. Domenic Piccolo – Tru Energy for going the extra distance and to bat for a buyer and seller of a commercial property in Brisbane and obtaining almost the impossible – a re-assessment which was approved. Dom – you make Tru look good which is unusual these days. Well done Dom!
2. Energex Networks and Energy Pricing – to all the crew who patiently answers the Irish blonde's questions, provide information with the customer authorisation. All the staff are always fast, knowledgeable and friendly. You all rock!
3. Metering Dynamics for their excellent work and service at 63 Racecourse Road. Hamish was very happy and impressed with the meter change over and to Adam for his continued assistance with our mutual client 'high demands' etc

4. Sam (AGL) Eneli (ERM Power) Greg (Q Energy) Domenic (Tru Energy) Laura, Paul, Peter, Matthew and Patrick (Origin) for providing tender price offers for the Watts clients on time. Thank you all.
5. Paul Enright (Origin) for taking on the impossible issue on 7/9/11. Amanda and I see light at the end of this long, cold, dark tunnel.

THE BAD AND THE UNFORGIVEABLE

1. Tru Energy for giving "29" the flick – it appears there are more Blockheads at Tru than we thought.
2. Origin for issuing a demand bill for 282 days in one account for:
9 days - from 21/6/10 to 30/6/10
77 days - from 30/6/10 to 15/9/10
90 days - from 15/9/10 to 14/12/10
69 days - from 14/12/10 to 21/2/11
36 days - from 21/2/11 to 29/3/11
1 day - from 29/3/11 to 30/3/11
3. Origin for on-going billing issue for a city building – Energex Networks revised capacity demand from 3325 to 1300, credits are expected BUT now we have a ToolHead with his 'amazing technicolour dream attitude' advising customer will be billed \$22K more. What is going on in the billing dept??
4. A certain Body Corporate for double charging a shopping centre – latest bill received is for over \$1M – appears there are ToolHeads working everywhere!
5. All Electricity Retailers – July A/C – errors are but **NOT** limited to 'Missed energy charges; Wrong network charges; Wrong recorded demands; Wrong capacity demand; Wrong mailing address; all this and more for A/C's for 1/7/11-31/7/11 only. Appears there is absolutely NO check system, NO care factor – a BlockHead presses a button overseas and causes such a nightmare here in Brisbane. Auditors of Outgoings are pulling their hair out trying to audit outgoing charges and some of us are drinking more and thinking of ways to never have to deal with an electricity retailer call centre or bill ever again.

What have we learnt in 2066 years??

'The budget should be balanced, the Treasury should be refilled, public debt should be reduced, the arrogance of officialdom should be tempered and controlled and the assistance to foreign lands should be curtailed lest Rome become bankrupt. People must again learn to work, instead of living on public assistance'

- Cicero – 55 BC

Apparently nothing!!!
